Mark,

I hope you're well.

The Court previously entered a protective order regarding the deposition of Dr. Specht.

I have spent time reviewing the motion you filed. Without commenting on the substance of your motion or the relief you seek, could you please advise how you came into possession of the documents associated with his deposition?

The deposition involved four of my clients' (all minors) and their parents' private health information.

Please advise at your earliest convenience.

Thank you.
